

UNITE SERVICE CORPS

2022-23 School Year Stats

- 3,557 students received tutoring in mathematics. **Math test scores for these students showed an average growth of 45.8% in math knowledge.**
- 2,252 students were taught the evidence-based “Too Good For Drugs” curricula. **Test scores for these students showed an average growth of 53.4% in drug education knowledge.**
- 6,985 students were mentored by USC members in addition to math and “Too Good for Drugs” components.
- 162 volunteers (either one-time or reoccurring) were recruited to help in the schools. These volunteers provided 324 hours of service.
- All of the USC members were state certified in FEMA disaster and emergency response by the Kentucky Division of Emergency Management, enabling them to become leaders on local disaster response teams when the need arises.
- All USC members sponsored or co-sponsored a UNITE Club at their school.
- All USC members were certified in Human Trafficking and as ServSafe Food Handlers.

Success in the classroom for 16 years

Success of the UNITE AmeriCorps initiative is determined through pre- and post-test surveys evaluated by the University of Kentucky. But UNITE Service Corps members are also actively involved in helping their schools and serve on their community’s UNITE Coalition. The UNITE initiative was heralded “as a model to other rural counties across the country” in October 2012.
