Scrapbook Design	The design is appealing and well organized (pictures, artwork, and descriptions are related and describe the event).	There is limited visual appeal and organization, but some parts (pictures, artwork, and descriptions) are lacking.	More thought and planning should be given to visual appeal and organization (pictures, artwork, and descriptions are missing).	There appears to be little to no thought in the making. No descriptions, pictures, and artwork to describe events.
Content	A variety of yearly events are included (National Service Projects, Community Service, Holidays, Red Ribbon Week) Scrapbook is club-member oriented, student focused, and shows drug prevention/awareness. Includes fifteen or more related items that cover the topic in detail.	A limited number of yearly events are included. Student oriented activities are evident but lack a focus on drug prevention/awareness. Includes at least 10 items.	There appears to be a lack of student-oriented activities which focus on drug prevention/awareness. The scrapbook appears to be more sponsor focused. At least five yearly events are included.	Fewer than three yearly events are included, and a lack of student involvement is evident. Descriptions are lacking and drug prevention/awareness is not addressed.
Mechanics	No misspellings, mechanical, or grammatical errors.	Three or fewer misspellings, mechanical, and/or grammatical errors.	Four misspellings, mechanical, and/or grammatical errors.	More than 4 misspellings, mechanical and/or grammatical errors.
