UNITE Logo Options for Coalitions

The item being purchased through UNITE Coalition Action Plan funding will determine what space is available for the required UNITE branding. Whenever possible, the preferred logo option should be used.

For a high-resolution image of the UNITE logo (in either color or black-and-white), contact Communications Director Dale Morton at dmorton@OperationUNITE.org or 606-271-0624. Please specify in what format your printer would like to have the logo sent. Available options include: ai, eps, pdf, png, and jpg.

Remember: A final design proof must be submitted for approval before the order is placed.
